

Position: Software Developer/Tax Accountant
Date: March 1, 2006
Schedule: Full-Time/Days

Looking for Full Time Accountant

Dynamic, fast-growing software company specializing in insurance tax compliance is seeking person with accounting experience or education.

The qualified candidate will be responsible for:

- Developing, researching, and implementing changes to state tax returns.
- Testing of software.
- All forms of product support, including telephone support, user training, application Help and other documentation.
- Solving complex problems in a fast paced environment.

The successful candidate will be a self-motivated individual with the following qualifications:

Minimum Requirements:

- Bachelor's degree in accounting or finance or equivalent experience
- Strong and effective communication, both written and verbal
- Good mathematical and organizational skills
- Detail oriented and ambitious.
- Able to work well in a team environment.
- Willing to work overtime as necessary.

Additional Qualifications:

- Knowledge of tax principles or experience working with financial applications a plus.
- Tax software development experience a plus.

The company offers a casual and friendly working environment. Employment benefits include medical, dental, retirement, and paid vacation.
